

NOTICE OF PROCUREMENT FOR ARCHITECTURAL SERVICES

The Board of Education of Nebo School District (the "Board") hereby gives notice that it intends to procure architectural services relating to the construction of one or more new junior high schools (the "New Junior High Schools") to be constructed in Nebo School District from MHTN Architects, Inc. (the "Architect").

The plans and drawings to be used for the New Junior High Schools will be based on the plans and drawings (the "Existing Drawings") that Nebo School District used for the construction of Mapleton Junior High School. These Existing Drawings were prepared by the Architect. It is paramount that the Existing Drawings be modified to be compatible with the sites of the New Junior High Schools. The revision of the Existing Drawings and the performance of usual and customary architectural services related thereto (the "Services") are a natural extension of, and integrally related to, the work of the Architect in preparing the Existing Drawings. Therefore, the Board has determined that it is in the best interest of Nebo School District to contract with the Architect for the Services.

Comments to the proposed retention of the Architect should be addressed to Reed B. Park, Legal Counsel, Nebo School District, 350 South Main, Spanish Fork, Utah, 84660; e-mail: reed.park@nebo.edu; telephone number (801) 354-7475, and will be considered by the Board. Comments must be received no later than Wednesday, November 11, 2009 at 5:00 p.m. in order to be considered.
